Drive, along with your family, the most improbable vehicles from planet Cyclo. Use your body and mind, as an eco-citizen, to finally rid this world of the many sources of pollution that are literally suffocating it. Collect the elements that are polluting planet Cyclo either on the ground, in the air or under water, using the vehicles provided for this purpose.

- One accessory: a brand new "home bike" with back pedalling and brake
- A game for all the family, where everyone has a role to play
- 4 vehicles in the air, under water, or on the ground
- 18 tracks, including 14 to unlock
- Personalized vehicles and characters
- 3 game modes:
  - Story mode
  - Fitness mode
  - Multiplayer mode (up to 4, each one in turn)
- Levels of difficulty varying according to the player

Compatible Game Cube Controller
